

2020

SUNDAY 5TH JULY

We are once again holding the Joy of Six at Sheffield Hallam University. Regular attendees should note that in order to avoid the previous issues with Sheffield's annual urban bicycle challenge we've brought the date of the show forward by one week.

If you'd like to stage a game at the show, please complete and return the enclosed form **as soon as possible**. At all the previous shows we've had a few games apply at the last minute and we've had to turn them away. We are particularly keen that as many games are 'participation' rather than 'display', and if we would really like to see lots more games where people can join in the fun. a

In anticipation of even more demand for gaming tables we are taking extra space at the venue for 2020, but even this may not be enough, so get these forms back to us as soon as you can. Many of you will have contacted us informally asking us to reserve space, but we will only work in the basis of completed forms. Until you let us have the information and we have confirmed your application, you do not have a booking!

The positive feel surrounding the JOS is spreading both inside the 6mm wargaming community as well as the rest of the hobby and once again the show is growing in terms of games, traders and attendees. As with last year, we will be promoting the event through a dedicated website, facebook page, magazines and at shows throughout the first part of the year.

Please find attached a booking form. **Can you complete and return this to us asap**. We repeat, demand to put on games is very high and we cannot begin to reserve you a place without this little piece of paper in our sticky mitts.

Cheers

Lindy, Peter and John
